

DO SOMETHING REAL

Be a mentor

Information session

Time spent with a young person from a disadvantaged background can change their life.

They will be less likely to use drugs or alcohol, or find themselves in trouble with the police. They will be more likely to go to school and develop good relationships with their family and friends. By connecting a disadvantaged young person to a positive role model we can break the cycle of disadvantage.

Like to know more? Come along to our information session and find out how easy it can be to give back in a very real way.
